DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on November 18, 2005 has been entered. The previous Office Action is withdrawn pursuant thereto.

Claim Rejections - 35 USC § 103

2. Claims 1-24 are rejected under 35 U.S.C. 103(a) as being unpatentable over Szlam et al., US 6,868,395.

Szlam discloses an online computer system that may automatically use a credit report, e.g. Fig. 1, for identifying a product that a buyer is interested in and using a web server, e.g. 220, to achieve such ends. Szlam does not specifically disclose the term browser software. Official Notice is taken that browser software used with web servers and a computer system has been common knowledge in the art previous to Applicant's filing date of the instant application. To have provided such for Szlam would have been obvious to one of ordinary skill in the art. The motivation for such would have been using common knowledge computer tools to apply the teaching of Szlam.

The depending claims incorporate features that are common knowledge within the purchasing of products/services art. To have provides such for Szlam would have been obvious to one of ordinary skill in the art.

Applicant's November 18, 2005 REMARKS have been reviewed, but are moot in light of the new grounds of rejection.

3. Further references of interest are noted on the attached PTO-892.
